## FROM ALMOST OLDE 6482

Now that winter is approaching and most folks have put their "T's" to bed for this season, it's time to take inventory and think about buying parts necessary to start MGing in fine tune come spring.

Don't forget to call Bill and Sue Gordon to give them your input for activities or to host a meeting next year.

Here's hoping everyone has a **JOYFUL HOLIDAY** season and see you at the Christmas Party.

And now a letter from an appreciative member:

I'm sure that I also speak for others who benefited from the recent Moss Motors 25% off sale when I say a great big "Thank You" to Ross Haines for coordinating it all. We all know how much of a hassle it can become just placing a small individual order so you can imagine what a nightmare a \$7,000 order consolidated from many individuals could become. Ross also took on the task of sending off (and receiving) the first order which enabled us all to get the 25% off the second order. A recent question was raised: "Will he still be receiving our back orders five years from now?". We hope not. Anyway, thank you Ross for doing a super job and saving us all those bucks. In addition, Ross also served as our President and initiated and coordinated the monthly trivia quiz for the past two years. Both of these tasks required a continuing effort on his part. We appreciate the time and effort you have contributed to the Club over the past two years and hope you enjoy this much-earned rest.

### The Turkey Shoot

And once again the Tidewater Group gathered to feast. This time with the excuse of a Turkey Shoot - using cameras, of course.

As a result of popular vote, Vince Groover won first prize for his shot of an 'eating Mike Ash' proclaimed to be wanted and with descriptive phrases such as 'belt buckle worn parallel to ground' and 'measurements of 38-44-36'. First prize was a turkey, what else could it have been. Second prize, a rock cornish game hen was won by Mike Ash for his Turkey in the Straw entry of Pam Groover watching in dismay while Vince stirred his drink with the end of an umbrella. Third prize, another hen, was won by Mike Banvard for his Stuffed and Dressed shot of Jennifer Ash in her flag.

Attendees included Mike Ash (Jennifer was out of the country), Dave Barrows (Helen was in the country), Bob Beauter and Pat Turner (soon to be Mr. & Mrs. Turner-Beauter), Robert Davis and Fay, Vince and Pam Groover, Jim & Brenda & Mike Banvard, John & Sandy & Amanda German, Elsie Tarr, Peggy and Brad Bradford, Carolyn and Gene McHugh, and Bill & Sue & their two girls.

Lots of good food, camaraderie, and the warm hospitality of the Gordon's. Thanks, Bill & Sue.

REPORT OF NOVEMBER'S MEETING ---Carolyn McHugh

Vince Groover opened the November meeting at the home of Elsie Tarr. In comparison the cacophony of the chaotic October meeting, this meeting seemed subdued and controlled, but, then again, I considered the October meeting something of a baptism by fire for me...taking minutes for any successive meeting has to be a piece of cake! The minutes must have been satisfactory, however, because they were approved.

Vince reported that amount given for the treasury at the October meeting was indeed a mistake: the correct balance for October was \$551.72, and the balance as of October 31 is \$742.72. Robert Davis produced the elusive parts box, and the accompanying parts list. Robert read the list of individuals who "owed" the parts box, and some members were shocked to find that they owed parts dating back as far as 1979.

Since Mike and Jennifer were being wined and dined at the Old Crows conference, there was no historians' report. Elsie Tarr passed the baton to Chris Holcomb for Regalia, and it was reported that \$27 was ordered from out of town individuals.

Jim Banvard reported on the upcoming December 9 Christmas party. (Check the details in the activities part of the newsletter).

Under new business, Peggy Bradford will be working on the Trivia Quiz. Vince received a letter from the Commissioner of Revenue, City of Virginia Beach which seemed to indicate that the city will now be charging personal property tax on antique cars. In the past members have received letters about registration fees on antique cars, but this is different. Richard Hall is checking with Dennis West of the Antique Car Association to find out how that organization is responding, and other members volunteered to contact officials at various levels in Virginia Beach bureaucracy in order to obtain more information.

John German mentioned that there might be a discount for MG members who purchased Christmas trees from a certain lot that he was interested in...see him for details.

REMINDER: There is no December meeting.

*May Robert Davis' and Jennifer West's mothers recover completely from their recent hospital visits!*
