

DEC MEETING - The December meeting was held at Dave Parrow's home in Virginia Beach, Virginia with two (02) TD's arriving for the Christmas Party. Inasmuch as it was very, very cold outside everyone else drove Detroit Iron. Forty-five members and guests were in attendance with the Parrow's putting on a beautiful spread of food and drink.

John Herman made it through the evening without losing any part of his pants to the hungry dog of Dave Parrow's. Poor dog didn't get to have any fun this year. The reason I mention John is that he walked away with the matched pair of Lucas Lights which were raffled off also at the Christmas Party.

JAN MEETING - It will be held at the home of Jim & Brenda Banvard, see enclosed map on how to get there. REMEMBER IT WILL BE HELD ON THE 8TH SINCE NEW YEAR'S DAY IS ON THE 1ST.

DID YOU KNOW - That Roy Wiley now has a '67TD added to his collection of cars, just brought it back from up in Pennsylvania.

That the "T" Club of Hawaii has 140 members - imagine them in your front room.

That Kacev'scar is up for sale - 1952 '67TD - decent shane - will handle over price.

That we have three new members in the club - Welcome goes out to: Vernon E. O'Berry, Jr., David W. Parson & Bill P. Singleton.

TECH TIPS FROM - Ye olde mechanic - Have you ever opened a new can of oil and had some left over - well, next time save that oil by taking an old ton off one of the soft margarine dishes, and if this is a little loose use tape to hold it on.

Ever ton off your shocks and have fluid running all over you, your car, etc.----well, use an empty oil can and attach a rubber tube to the oil can ton - thus saving a big mess.

Dave Barrow's mentioned to me the other night about buying back badges from members who either leave the area or sell their TD, etc. I think that we should consider this at our next meeting, since this last supply of car badges will be the last from that particular company, and they are very nice. How about handout cards to potential new members of to put on windshields of '69's seen but no one around to give to. I checked on this with the local little printer, and found out that we can get 1,000 small cards (billfold size) for about \$10.75, or around \$8.00 for 500, so think about this also. It only takes about two days to get printed. These are obtainable from QUICK-COPY.

Technical Tips - Author Unknown

1. The best way to stop a "T" from leaking on your driveway--
 is to park it in the street.
2. To stop the rattle in your parking shifter--keep your knee on it.
3. If your top is rattly--keep it under the boat!
4. If you develop strange noises over 3500 RPM:
 - a. don't drive that fast;
 - b. let your wife out.
