

## THE TIDEWATER MG 'T' CLASSICS

President: Roy Wiley  
481-1543

Secretary: Jennifer Ash  
424-1660

### NOVEMBER NEWSLETTER

Hi there, chaps!

Here we are coming to the end of 1976, can you believe? Have you all written your Christmas lists for ~~Santa~~ Moss and Abingdon? Better hurry, or they won't be coming down the chimney in time, especially since the little elves dressed in brown have gone on strike!

The November meeting was held at the home of Jim and Brenda Banvard - Jim put on a fantastic spread, because Brenda had to work (election night) and wasn't there to feed us all; but Jim came through - thank you, Banvards. There were 21 people at the meeting in 5 T's and some other hunks of iron. It was Roy's first meeting as President, and he did a fairly decent job (seriously, Roy, you're O.K.). Points of discussion at the meeting are as follows:

- ... Treasurer O.D. Dawson was not able to be present, but he left the message that there was \$277.17 in the vaults.
- ... Membership cards had been issued in the last newsletter, but it was not pointed out to members that these membership cards will enable you to get discounts at both B.A.P. on Military Highway, and East Coast Imports, on Granby Street. (ECI give a very good discount).
- ... We are still waiting to hear from the Chesapeake Chapter as to what they have come up with in the way of accomodations for the Mini-GOF for next year. It was suggested by Richard and Sandy Hall that we consider Bryce Mountain for a future site for a Mini-GOF; we seem to be pretty-well locked in on the Charlottesville/Fredericksburg idea for 1977.
- ... We asked for volunteers to host the monthly meetings for 1977 and were not stuck until we came to November, 1977, which is still up for grabs. You will find the list of hosts on the calendar for 1977.
- ... Badges...Once again, this subject reared its ugly head! Our old supplier has gone out of business, necessitating us finding another supplier, and finding the capital to get the first die (I think that's the word) cut, which is not a cheap operation. The quotations Roy had received ran from a high of \$15, to a low of \$8.55, in lots of 50. It was suggested that this matter be shelved for a future meeting, and in the meantime we would try to get a better price; a couple of members thought they could help out in this direction.
- ... The club needs funds before we can go ahead and get any more car badges. Don't forget, we have patches - to sew on jackets, sweaters or hats - for \$2.50 each (\$5.00 for two!), as well as T-Shirts at \$3.50 each. Buck Lampton (420-9507) is the Regalia Chairman (a brand new position in the club). He has charge of a Navy budget of many millions of \$\$\$, so we figured he would be able to handle this job fairly well!! So give Buck a call if you need to get some stocking-fillers for Dad's stocking all you Moms and children out there.

11/76

... The Activities Chairman position was appointed; it was very democratic - we all turned to Richard Hall and said. "You can do it Richard", and he spluttered and coughed a bit, but we had moved to the next matter under discussion, so Richard never got a chance to make any excuses about being the wrong man for the job! Thanks, Richard, you're O.K.

... Remember as how the Club needs a banner to show off at Mini-GOF's? Well Brenda has designed one and bought the materials, and we have started working on it; most of us did a row at the meeting. What we didn't do was take up a collection of at least .50¢ per person at the meeting to help defray the cost of this banner. Somebody please remember at the next meeting....please?

... Don Moore, one of our newer members, suggested that we make up a short history of the club and include the type of activities we have, etc., etc. to give newcomers and prospective members. This was deemed to be a jolly good idea, and Dave Barrows and Suzy Boswell were ~~raixra~~ elected to do this job. (Suzy wasn't at the meeting, but we all felt that if she had been there she would have said 'yes' so we said it for her!)

That was all the formal, if you can call it that, part of the meeting; the rest of the evening was devoted to eating and drinking all that fine food and drink that Brenda (yes, it was Brenda and not Jim who did it all, really) had set out for us.

PARTY...BARROWS' HOUSE...FRIDAY DECEMBER 10th...8 PM...PARTY...BARROWS' HOUSE...FRIDAY DE

Richard Hall called a meeting of the Activities Committee, and you will see the calendar of activities that they came up with. I think it covers just about all tastes in club activities, but IF YOU WOULD LIKE TO TRY SOMETHING DIFFERENT, PLEASE GET IN TOUCH WITH YOUR ACTIVITIES CHAIRMAN - Richard Hall, 482-2821. I have made up a calendar that you can put up on your bulletin boards so that there will be no excuse for missing something which you had intended to participate in, but forgot! It will be there for a whole year, won't it??? We will announce future activities for a couple of months ahead in each newsletter, of course, but this calendar will hopefully give you an over-all picture of what will be going on.

CEMBER 10th...8 PM...PARTY...BARROWS' HOUSE...FRIDAY DECEMBER 10th...8 P.M...PARTY...BARR

FOR SALE:

TD rear axle, less both 1/2-shafts and less brake-drums. Robert Davis ph. 482-4309

TECHNICAL SESSION - Sunday, December 5th at Mike Ash's place. 10 a.m. onwards...Bring sick cars see what Doctor can do to help you

## Leyland: good for Triumph, bad for MG?

AT CHRYSLER's press conference comment was made that the American owned giant was telling the press a lot more about what it was doing with our money than Leyland were. Like many generalisations there is a nub of truth within that remark and, even after the appreciated privilege of our interview with Leyland Chief Executive Alex Park this week (see page 8), we still find ourselves a little in the dark as to what Leyland actually intend to DO. We are all meant to know that the company has too many plants and that a great deal of "rationalisation" will be needed.

For "rationalisation" read shutting down extra plant and factories, shedding surplus men and doing the unpopular things that Leyland have needed to do for some time.

There is little doubt that there will be much national fuss about one of their expected manoeuvres - to close the MG Abingdon car plant by the end of 1977 - but company spokesmen said on Monday, "no decision has been made. If one were to be made we would first have to consult with the unions: no such discussions have taken place."

Apparently the MG plant is on leasehold land, no successor is planned to Midget/MGB (the TR7 is Leyland's sports car of the future) and the laborious handwork production at Abingdon has no place in Leyland's ambitions to become a profitable multi-national.

Perhaps the corporation can fill the MG gap by badge-engineering the Triumph (a Targa top?? The rumoured 2+2 TR7?) but what happens to that almost brand new Leyland ST building and staff? Having just managed to find reliability in the rallying TR7, and winning form with the Group 1 rallying Sprint, are they to face the trauma of moving home again shortly?

Who knows, we don't. Perhaps we should be told, and soon, so that the
